Technology Transactions

+1 650 465 3579

Palo Alto

Tiffany assists clients in all stages of their life cycle with their commercial, technology and intellectual property (IP) transactions. She has experience drafting commercial, IP and technology-related agreements. She also advises clients on a wide range of commercial transactions – including mergers & acquisitions, IP licensing, strategic investments and technology development.

Before becoming a technology transactions attorney, Tiffany was a software application engineer at a large cloud-based software as a service (SaaS) company.
