Trade Secret Litigation and Dispute Counseling
Issues and Appeals

Reuben is a leading intellectual property lawyer who litigates patent and trade secret cases and counsels clients across a wide range of technologies – including mobile, web and communications technologies, as well as medical devices and biotech. He has a proven record of success in US district courts and at the Federal Circuit, the International Trade Commission (ITC), and the US Patent and Trademark Office (USPTO). Super Lawyers has repeatedly recognized him as a top-rated intellectual property litigation attorney (2013 – 2024), and Patexia identifies him as one of the best-performing attorneys nationwide.

Reuben's extensive litigation experience includes serving as lead trial counsel in high-stakes competitor-on-competitor cases, as well as efficiently winning and defending against suits filed by nonpracticing entities. He has represented Absolute Software, BitTorrent, Box, C3Nano, Canto Software, CheckVideo, ClickUp, CoAdna Photonics, Cooler Master, CoolIT, Dropbox, eero, Events.com, Google, HTC, LocoNav, Particle Industries, Netgear, Quorum Analytics, Resilio, Snap, Tencent, Uber, Varian Medical Systems and Wyze, among other clients.

In addition to his practice, Reuben serves as co-chair of Cooley's Asian Pacific Islander Attorney Affinity Group. Reuben also sits on Cooley's partnership nominating committee and further devotes time to serving on the firm's pro bono committee. His efforts on pro bono cases have been recognized by the American Bar Association, the National Law Journal, California Lawyers for the Arts and the San Francisco Daily Journal.

In the greater legal community, Reuben serves on the Stanford Law School Board of Visitors to the law school dean and previously served as executive law chapter chair for the Stanford Law School alumni community. He previously served on the advisory board of the Stanford Program in Law, Science & Technology. He also formerly served on the board of directors and as president of the Asian Pacific American Bar Association of Silicon Valley, as well as on the Santa Clara County Bar Association's Judiciary Committee, which evaluates judicial candidates at the request of California's governor. Reuben currently is a board member of the Monte Jade West Science and Technology Association.

While at Stanford Law School, Reuben was a legal assistant to professor Paul Goldstein and completed an externship with Judge Sandra Brown Armstrong of the US District Court for the Northern District of California.

Before law school, Reuben was a Medical College Admissions Test (MCAT) instructor for Kaplan.

Reuben's representative matters:
